Pretty Spring Wedding For Wrentham Girl

A pretty spring wedding was solemnized in the L. D. S. church at Wrentham on Wednesday, April 14th at 7 pm when Melva Lorene Nelson, daughter of Mr and Mrs Earl Nelson became the bride of Owen Holsted, son of Mr and Mrs Owen Holsted of Toronto.

Elder Allan Erickson performed the ceremony.

Entering the church on the arm of her father, the bride was lovely in a gown of white net over satin and featured a lace bodice and bolero. She carried a bouquet of red roses.

Matron of honor was Mrs Don Little in a gown of pink nylon. She carried yellow carnations.

Bridesmaid was Miss Joan Christensen, dressed in a lovely gown of yellow nylon. She carried pink carnations.

Little flower girls for the occasion were Paula Barrows and Rae Williams dressed in yellow and blue nylon and carrying yellow and pink carnation nosegays.

Mr Norman Nelson, brother of the bride acted as best man. Mr Don Little was usher.

Wedding music was played by Mrs Emma Erickson.

Immediately following the wedding a reception was held in the school auditorium with one hundred twenty people attending.

Receiving the guests were the bride and groom and the bride's mother and father. The bride's Mother wore a dress of navy bingaline with a corsage of red roses and white carnations.

Centering the bride's table was a beautifully decorated, three tiered wedding cake. During the reception the guest were entertained with a short program.

Mr Ward Bulman uncle of the bride proposed a toast to the bride, to which the groom responded.

For her honeymoon to Vancouver, Mrs Holsted chose a suit of grey with red accessories. Her corsage was white carnations and red roses.

The happy couple will make their home in Vancouver.

B of M Installing New System

Customers of the Bank of Montreal's Raymond branch will soon be receiving speedier and more convenient service. This will be made possible by the installation of a new ledger-keeping system, which will revolve around what is known as a combination posting machine.

This complex mechanism will automatically record all withdrawals, deposits, balances, dates and other pertinent data.

Current-account customers will not require passbooks, and thus will be free from delays while passbooks are being made up, as at present. Instead they will regularly receive complete statements, with debits, credits and balances concisely set out for quick reference. These statements will always be instantly available. The machine will also take care of the saving's department, and will all withdrawals and deposits will be mechanically entered in the bank's records. Savings passbooks, however, will still be hand written.

Thus, when the new equipment goes into operation, the ancient and honorable-but laborious-practice of keeping ledgers up to date by hand will become a thing of the past.

James Grant, manager of the B of M here, says of this new development, "We will be able to provide even faster and more convenient service for our customers with the help of this equipment."

Tuesday evening nearly a hundred per cent of the Mia Maids in the Taylor Stake and their mothers met together for an evening of entertainment. Stake Leader Bertha Stone conducted the program which commenced with words of welcome from Mrs Zetella Taylor, Marion Robinson of Magrath playing saxophone solo after which the Magrath Second Ward rendered a choral number 'Only A Rose'. Verlene Spackman of Stirling gave the "Symbol of The Rose" following which "Let's Live Life In A Sweet Key" was sung by the Raymond Third Ward.

Lyn Galbraith paid a Tribute to Mothers with Mrs Beth Galbraith replying, after which Mrs Fanny Walker spoke on the Theme "Dear To My Heart".

The opening prayer was offered by Shauna Nelson of Welling and the benediction on by Maureen Litchfield of Raymond.

Yes, We Will Have A Stampede!

Tradition is hard to kill, and although it appeared as though death was upon it here for a short time, years of remembering came to the fore in time to give the delicate, yet sturdy, lace of tradition another chance to bring the Old West back to life in the form of a Raymond Stampede.

Yes, previous reports to the contrary, there will be a Stampede in Raymond on the First of July—a date that takes a lot of remembering to bring to mind the first 1st of July celebration that was held here in what was then the New West.

The years have come and gone as have the men and women who made the Raymond Stampede the tradition of this part of the country. The years have left their marks but the men and women have left behind them the people who, today, are able and willing to devote their time and talents for the purpose of carrying on the tradition.

This year the Stampede in Raymond is being held largely because of one man's interest and enthusiasm—that is not to say that someone else might not have thought about it but the fact is that the ground work done by Cliff Williams and a few other men is the foundation for the present Stampede organization in Raymond.

When the pains of death were gripping the Stampede Cliff was responsible for contacting the Town Council to tell them how, by Community effort, it was possible to keep the annual rodeo going. The Council agreed to hear further details and an open meeting was called on Wednesday night to discuss the plans. The Council agreed with the ideas as put forth by Max Hamilton, who was passing on the ideas and plans of quite a group of interested citizens of the Town, and so it was definitely decided to hold the Raymond Stampede again this year.

A vote of thanks to all those who carried the load in the past was heartily endorsed by those present at the meeting as was a vote of thanks for Mr Williams and his fellow citizens for their interest and efforts.

A special organization meeting was called for Friday with Mel Depew being elected President of the Raymond Stampede Association with Max Hamilton as Vice-President and H. Hartland Stevens as Secretary-Treasurer. Gerald Snow and Ted Meeks were elected as Directors. Bruce Galbraith and Mutt Ralph are the representatives from the Town Council.

After the meeting was adjourned President Depew called a special meeting at which time the members of the executives were given their assignments and responsibilities. Mel's chief job, other than all the things tied up with the presidency, is that of seeing that the grounds are put into shape. Harold McBride was chosen as Chairman of the Grounds Committee with Alan Heggie and Hugh Court as assistants and the whole community on the committee. Max Hamilton was given the Parade and Publicity to look after with the Rotary Club being asked to take over the Parade, as it has done in previous years. Dr. Gordon Anderson will be Parade Chairman. All phases of the secretarial work will be looked after by Harry Stevens while Gerald Snow is in charge of the Dance and Concessions. Ted Meeks is in charge of Racing and Stock.

An Executive Meeting has been called for Wednesday night at which time more details will be determined. Look for further announcement—this is a Community Project and YOU are the Community!

The Fourth Ward Adult Aaronic Priesthood Class met on Sunday evening at the home of Mr and Mrs Albert Zobell with sixteen members and two visitors present.

The lesson was capably given by the new teacher Alma Sommerfeldt after which a delicious lunch was served.

The next meeting will be held at the home of Mr and Mrs John Zobell on May 9th.

At the Sunday Church service a very impressive program was presented honoring the boys of the Aaronic Priesthood. A very fine record was made by the boys with 78% of the group winning their individual award for participation in the church program.

The program consisted of especially prepared talks given by Delton Herget, Burton Hartley, Doug Hartley, Mrs Marie Clawson and Carl Young, with musical numbers by Michael Clawson and Doug Hardy.

The awards were then presented to the boys also a carnation corsage was given to each boy to present to his mother in appreciation of the help and encouragement they had received from their mothers.

The mothers were seated in a group in the front of the chapel and after the flower ceremony each boy sat with his mother for the remainder of the meeting. Elder Dennis Fletcher, Stake Leader, spoke the remainder of the time.

Engineers and workers have begun preliminary work for the hardsurfacing of our highway.

The tests are now being made to determine the amounts and thicknesses of the various layers so it shouldn't be too long before we read of tenders being called—oh happy day! Mr Anderson is the engineer in charge of this work and it is hoped to have tests made of Main Street while the men are here.

Mrs. E. W. Still entertained at a birthday party on Friday in honor of her husband, at which Bingo was enjoyed by the Charles Perretts, Willard Paxmans, Milo Douglasses, Jim Stills, Les Williams, Cliff Williams, Jim Stills Jr., Dale Still and Marie Bournes.

A very tasty lunch including birthday cake was served at the conclusion of the evening.

Mr and Mrs Milo Vance enjoyed as their guests last week Mr. and Mrs. Byron Vance and son Paul of Rosemary. Paul was playing in the Volley Ball Tournament.

Mayor and Mrs Frank Taylor returned home this week after visiting a number of relatives and seeing a lot of interesting country in the U.S.

A Family Reunion was held in Ogden as well as visiting their children in both Salt Lake and Provo. They then toured Arizona, Mexico, both old and New and on to Tuscola, Illinois to visit Shirley and Byron Anderson for a few days in their new home. Byron is working with the National Petro Chemical Plant, a new company recently organized.

Their return trip was made by way of the Dakotas where they enjoyed a view of the Black Hills of Dakota. The most awe inspiring and spectacular sight they witnessed during their entire trip were Carlsbad Caverns where one room of one of the larger caverns was down 150 feet and covered an area of fourteen acres! One could get lost in that little cave!

The sadest part of their trip was finding snow flying when they returned home—this was especially disappointing after mowing lawns and planting flowers at Illinois.

Mrs Josephine Goodridge, Mrs Taylor's mother returned to Salt Lake with them where she will live with another daughter, Mrs Zobriski for a while.

A pleasant social evening was spent by Mrs. Lettie Litchfield, Mrs. Retta Heggie, Mrs Alma Mendenhall, Edith Woolley, Dawn Mendenhall and Mrs Inez Webster last week when they met at the Ira McBride home to wrap wedding cake.

LaDeen McBride And Robert Wilde Wed In Cardston Temple

The Common Enemy

By Oscar Hammerstein, II

Editor's Note: Oscar Hammerstein, II poet, musical comedy librettist, song writer and producer, who has three hits running on Broadway at one time wrote the following editorial as a contribution to the 1954 Cancer Crusade.

It is a safe guess that there is no one reading these words who has not lost a friend or relative through cancer. You are not therefore being asked to fight a remote evil. You are not being asked to help people whom you will never meet, people who are beset with a misfortune that cannot touch you. If ever there was an enemy common to all the people on earth, it is this worst of all premature killers.

The Canadian Cancer Society carries on a year-round and unceasing campaign of education, research and service. Through efforts like these cancer will one day be conquered. A sudden light of discovery will bless some research laboratory. Meanwhile, the Society is saving lives that can be saved and alleviating the suffering of victims who are beyond saving.

Whatever money you may give to this cause will be used not merely to help those already afflicted. The more important objective is eventually to wipe out cancer as other diseases have been wiped out, to save many lives in the future - perhaps your own. Please give every dollar you can afford.

Signs of Spring
The robin now has called and called again,
A new sun-warmth and sweet, cares sing rain

Has brought new-green to myraid bud and blade;
Now boys begin to barter, borrow, trade,

Taws, agates, and steelies signs of spring,
And to school ground comes the marble ring.

The big and little boys all crowd around,
Circles and semi-circles on the ground,

These marbles contest interest one and all;
vade the ring

(A momentary rival of baseball)
And teachers know when taws invade the ring,

This is the hour to welcome in the spring.
—Thelma Brooks

Maple Cinnamon Toast
Crush maple sugar until it is very fine, and spread it liberally on hot buttered toast. Then sprinkle lightly with cinnamon, and pop it under the broiler for 2 or 3 minutes. It will be brown, bubbly and delicious.

To lessen the quantity of sugar required to sweeten them, add a half teaspoonful of baking soda to stewed cranberries or any other tart or sour fruits, when they are almost done.
